Directors' Report For the three months period ended 30 September 2022

On behalf of the Board of Directors of Awwal Modaraba Management Limited, the management company of First Pak Modaraba, we are pleased to present Directors' Report together with the unaudited financial results of First Pak Modaraba for the three months period ended 30 September 2022.

Economy

The State Bank of Pakistan has kept the policy rate unchanged since the last hike in July 2022 when the rate was increased to 15%. Monetary Policy Statement cited various reasons in support of the decision including fall in headline inflation to 23.2% in Sep 2022 from 27.3% in Aug 2022 driven by a reduction in electricity prices. Desired moderation in economic activity has become more visible though core inflation continued to drift upwards in both rural and urban areas fueled by supply side shocks. The current account and trade deficits narrowed significantly in Aug-Sep, and the Rupee has recouped some of its losses following the recent depreciation. In Sep 2022, Pakistan's trade deficit reduced by 20% YoY to USD2.8bn led by a sharp decline in imports. Moody's downgraded Pakistan's local and foreign debt ratings to Caa1 from B3 along with decline in the deposit rating of five commercial banks. The downgrade was due to increased government liquidity requirements, external vulnerability risks and higher debt sustainability risks, in the aftermath of devastating floods.

The Asian Development Bank's ("ADB") expectation for GDP growth in FY2023 is 3.5% from approx. 6% in FY2022. Inflation rate in Pakistan is likely to decline in the coming months while interest rate scenario is expected to remain stable with expectations of downward trend next year to stimulate economy. Pak Rupee is expected to stabilize with foreign inflows and reduction in trade deficit.

The most significant recent development is that Financial Action Task Force ("FATF") on 21st October excluded Pakistan from the grey list of the global watchdog on terror financing and money laundering after four long years. It had become increasingly difficult for the country to negotiate financial aid with the IMF, the World Bank, the ADB, and the European Union. One of the structural benchmarks laid down by IMF for Pakistan stated 'Adoption of measures to strengthen the effectiveness of the AML/CFT framework to support the country's efforts to exit the FATF list of jurisdictions with serious deficiencies.'

Financial Performance

The outstanding portfolio size stood at PKR 58.44 million at September 30, 2022 (June 30, 2022: PKR 68.13 million). Asset quality remains satisfactory. Revenues were recorded at PKR 4.91 million in 1st Quarter of the current financial year compared to PKR 2.80 million in corresponding period last year. Total expenses for the period were contained at PKR 1.69 million. The Modaraba posted profit after tax for the period at PKR 0.35 million compared to Rs.0.31 million in the corresponding period last year.

The process for merger of First Pak Modaraba and KASB Modaraba into First Prudential Modaraba is underway and expected to materialize soon under the approved Scheme of Arrangement.

Governance

There has been no change in the Board of Directors of Awwal Modaraba Management Limited during the period under review.

Acknowledgement

The Board would like to acknowledge and appreciate Securities and Exchange Commission of Pakistan and Registrar Modaraba for their continuous guidance and support. We would like to avail this opportunity to thank its customers and investors for placing their trust in the Modaraba.

On behalf of the Board

16.1 The Sindh Revenue Board (SRB) has imposed Sindh Sales Tax (SST) on the Modaraba Management Company's remuneration with effect from November 01, 2011. However, certain modaraba management companies have approached the Honourable Sindh High Court (the Court) and Appellate Tribunal of SRB, challenging the levy of SST on management company's remuneration. The Modaraba Management Company has not received any demand notice from SRB for payment of SST on Management Company's remuneration and accordingly, based on legal advisor's opinion, obtained by one of the Modaraba under common management can neither file any petition challenging the levy of SST on Management Company's remuneration nor can join the proceedings of pending petition in the Court. As a matter of abundant caution the management is accruing SST on Management Company's remuneration and will discharge the liability on direction of the Court based on outcome of the petition filed by other modaraba management companies.

During the year 2018, some of the modarabas in the sector have received letter from Assistant Commissioner, Sindh Revenue Board (SRB), whereby it came to their notice that these Modarabas are engaged in providing / rendering taxable services which falls under the Second Schedule of Sindh Sales Tax on Services Act, 2011 (the Act), and the sales tax on such services, i.e. on lease rentals / lease financing transactions remains outstanding. The modarabas who have received the said letter, collectively decided that under the supervision of NBFI & Modaraba Association Pakistan, a petition against the same be filed through a common legal counsel in the Honorable High Court of Sindh (HCS) challenging levy of Services Sales Tax on lease rental/ lease financing transactions including the vires of various headings of the Second Schedule of the Act. Being similar in nature of business it was expected that the same type of letter shall be received by First Pak Modaraba. Therefore, management has taken cautious approach and become a party in collective effort undertaken by the other modarabas.
