FIRST PAK MODARABA

Directors' Report For the nine months period ended 31 March 2023

On behalf of the Board of Directors of Awwal Modaraba Management Limited, the management company of First Pak Modaraba, we are pleased to present Directors' Report together with the unaudited financial results of First Pak Modaraba for the nine months period ended 31 Mar 2023.

Economy

Pakistan's economy continues to face serious economic challenges exacerbated by increasing political instability. This is an alarming situation with a potential risk of default on external debt obligations in the absence of preemptive restructuring and a return to IMF program. The crisis is demonstrated by sustained decline in Rupee value which fell by 27% since December 2022, foreign exchange reserves of \$4.2 billion (as of March 31, 2023), record high inflation at 35.4%, highest ever policy rate at 21%, and a sharp downward revision in growth forecast from 2% to 0.4%. Resumption of the IMF program accompanied by support from China, Saudi Arabia and UAE in the form of new loans can provide a measure of immediate stability. With all the difficult conditions required by IMF largely implemented, including market-based exchange rate, mini-budget to cover shortfall in tax revenue, reduction in subsidies, increase in utility tariffs, hike in policy rate and commitment of bilateral support from friendly countries, it is expected that ninth review of IMF would be completed and staff level agreement reached in the next few weeks.

Pakistan's economy is expected to grow by only 0.4 percent in the current fiscal year ending June 2023. According to World Bank's latest Pakistan Development Update released on April 4, 2023. This slower growth reflects subdued private sector activity amid deteriorating confidence, import controls, belated fiscal tightening, and the impacts of the unprecedented floods of summer 2022.

Clarity on political front and a successful review of IMF can herald a gradual return to normalcy after this period of unprecedented instability.

Financial Performance

With the deployment of excess liquidity in lending operations, the outstanding portfolio size increased to PKR 98.06 million as at March 31, 2023 (June 30, 2022: PKR 68.13 million) with corresponding fall in liquid assets to PKR 8.94 million compared to PKR 45.04 million. There is strict emphasis on maintaining quality of portfolio. Portfolio build up is a challenge in First Pak Modaraba due to the limited per party exposure size which will be rectified by the proposed merger.

During the period under review, overall revenues have been recorded at PKR 16.91 million compared to PKR 10.33 million in corresponding period last year. Total expenses for the period were contained at PKR 14.68 million. Excluding management fee, the Modaraba posted profit after tax for the period at PKR 1.65 million compared to PKR 1.56 million in the corresponding period.

Current status of merger of KASB Modaraba and First Pak Modaraba with and into First Prudential Modaraba

On March 02, 2023, the Honourable High Court allowed our merger petition of KASB Modaraba and First Pak Modaraba with and into First Prudential Modaraba. As a next step towards completion of merger, announcement of final and permanent book closure of the certificate transfer register of KASB Modaraba and First Pak Modaraba has been made. The Certificate Holders books of KASB Modaraba and First Pak Modaraba will be closed on May 10, 2023 for the purpose of determining the identities of the certificate holders of KASB Modaraba and First Pak Modaraba and First Pak Modaraba, and consequently their respective entitlements to Modaraba certificates of First Prudential Modaraba. KASB Modaraba and First Pak Modaraba will then be delisted from PSX and the books of both KASB Modaraba, First Pak Modaraba will be amalgamated into First Prudential Modaraba.

Governance

There has been no change in the Board of Directors of Awwal Modaraba Management Limited during the period under review.

Acknowledgement

The Board would like to acknowledge and appreciate Securities and Exchange Commission of Pakistan and Registrar Modaraba for their continuous guidance and support. We would like to avail this opportunity to thank its customers and investors for placing their trust in the Modaraba.

On behalf of the Board

17.1 The Sindh Revenue Board (SRB) has imposed Sindh Sales Tax (SST) on the Modaraba Management Company's remuneration with effect from November 01, 2011. However, certain modaraba management companies have approached the Honourable Sindh High Court (the Court) and Appellate Tribunal of SRB, challenging the levy of SST on management company's remuneration. The Modaraba Management Company has not received any demand notice from SRB for payment of SST on Management Company's remuneration and accordingly, based on legal advisor's opinion, obtained by one of the Modaraba under common management can neither file any petition challenging the levy of SST on Management Company's remuneration nor can join the proceedings of pending petition in the Court. As a matter of abundant caution the management is accruing SST on Management Company's remuneration and will discharge the liability on direction of the Court based on outcome of the petition filed by other modaraba management companies.
